

Jai Jinendra & Pranam,

I, Jay Patel, am applying for an Executive Committee (EC) position for the term 2027-2029.

I have lived in the City of Irvine with my wife Sveta and Son (Dheer) and Daughter (Diti) for 10+ years. Professionally, I have spent almost three decades in the aerospace industry, holding various engineering and executive leadership positions.

We are very blessed and fortunate to be part of this omnipotent Jain Center since 2014. This center has played a pivotal role and provided immense support by strengthening the Jain values to help our family grow spiritually through various activities at JCSC.

We are strongly committed to continue to do Seva with Tan, Man and Dhan for the growth and success of our Jain Center.

I have been an active EC member for the last four (4) years, back-up secretary for the last two years and 2024 election committee chair. I lead by example, taking responsibility for my actions and setting a visible standard of integrity, diligence, and compassion. I serve with humility, listening first and putting the needs of others before my own ambition so that every voice can be heard and valued.

I commit to transparency in my words and decisions, sharing context and rationale openly to build trust and invite constructive dialogue. My choices are guided by what best serves the community at large — prioritizing long-term wellbeing, equity, and resilience over short-term gain.

I ensure all groups are represented equally, intentionally creating space for diverse perspectives and removing barriers to participation. Above all, I work to maintain harmony by fostering mutual respect, mediating differences thoughtfully, and focusing on shared purpose so we can move forward together.

As I seek re-election, my primary goal is to continue serving selflessly for the overall growth and betterment of our Jain Center. I would like to engage with maximum members of Jain Center, especially young parents and youth, to encourage their active participation in all JCSC activities.

I humbly request your vote and support in my continued seva to our Jain Center.

Thank you
